## Abstract

Chapter 6 highlights cognitive wireless sensor networks and discusses enhancing the communication flow range, diminishing the sensor node as required to cover a definite neighborhood, and working toward reduced power utilization.

# Analog Circuits

S.Siddeswara Reddy

Dr.S.Siddeswara Reddy received the B.Tech degree from Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal with specialization in Electronics and Communication Engineering in the year 2006. He obtained the M.Tech degree from Jawaharlal Nehru Technological University College of Engineering, Anantapur with specialization in Digital Systems and Computer Electronics in the year 2014. He obtained the Doctoral Degree from Sri Satya Sai University of Technology & Medical Sciences, Sehore, Madhya Pradesh in the Area of Digital Electronics in the year 2021. He has 17 years of Experience in teaching for B.Tech and M.Tech students He has published more than 15 technical papers in national and international journals and conferences. He is working as Head of the Electronics and Communication Engineering Department in Vaagdevi Institute of Technology & Science, Proddatur from May 2017. He has also received the best club advisor award from Vaagdevi Institute of Technology & Science, Proddatur (2016).

7.4	Services	7-6

**Dr. N. Sangeetha Priya** obtained her Bachelor's degree in ECE from Periyar University, Salem, India. Then she obtained her Master of Engineering in Applied Electronics from Anna University, Chennai, India. She completed her Ph.D. in Body Sensor Networks. Currently, she is an Associate Professor at the Faculty of Electronics and Communication Engineering, Ramachandra College of Engineering, Eluru, Andhra Pradesh. Her specializations include Electronics circuits and basic devices, Body Area Networks and Sensor Networks. Her current research interests are Cluster Computing, 4th generation wireless networks, an Autonomous sensor for an industrial wireless sensor network, Security, and privacy.

**Akash Jain**, B.Tech (ET), M.Tech (Digital Systems), MSc (Mathematics), B.Ed He is working as Assistant Professor in Electronics and Telecommunication Dept of Shri Shankaracharya Institute of Professional Management and Technology, Raipur, Chhattisgarh affiliated to CSVTU, Bilal. He received his B.Tech degree in ET & T from CSVTU in 2012 and M.Tech in Digital Systems from COEP, Pune. He is having 9 years of regular full-time teaching experience and have specialization in Digital Electronics, Embedded Systems, Communication Systems. He has guided many students in their project work. He has published many papers in International Journals and has few Indian patents.

**Mr. S. M. K. Sukumar Reddy** working as Assistant Professor in Vaagdevi Institute of Technology & Science, Praddatur. He has more than 14 years of teaching experience. He is currently pursuing Ph.D degree in Electronics & Communication Engineering in MSRUS Bangalore, He completed M.Tech in MSRIT Bangalore, and B.Tech from JNTUH Hyderabad. He has received various awards of teaching and excellence. His area of specializations is Signal Processing, Error Control Coding, and Optical Communications. He has published various national and international Journals and attended national conferences.

**Dr. M. A. Barote** is working as Associate Professor in Physics, HoD department of Physics, Azad Mahavidyalaya, Ausa since June 1998. He is M.Sc., M.Phil., Ph.D., B.Ed., M.Ed., PGDBA. Education: Dr.BAM University Aurangabad, Alagappa University (TN) and SRTM University Nanded. Specialization in Materials Science Member-Indian Asso. of Physics Teachers, Indian Science Congress Association, Association of Particle Accelerator and Detector. Reviewer of 12 international journals Research papers published in national and international journals is 62. Awards: - Anjuman Mahedvia Gold Medal, Avishkar research II prize, Outstanding Scientists Award Chennai.
